

# Association of European Rail Rolling Stock Lessors

Professional body and network,  
Belgium

## Pledge to join the European Alliance for Apprenticeships

- Increase the supply of apprenticeships by establishing a target of work placements to be offered in the rail rolling stock maintenance sector in the next 5 years to which AERRL members will be asked to commit
- Enhance the image of apprenticeships by launching a campaign to promote the relevance of apprenticeships for the rail rolling stock maintenance sector and to enhance the image of rail transportation among young people and apprentices by highlighting the green and digital aspects of the sector
- Promote the mobility of apprentices between AERRL's rolling stock maintenance workshops in Europe by offering mobility opportunities abroad to 250 apprentices as well as hosting 250 foreign apprentices.
